## EDUCATION

### Maharaja Agrasen Institute of Technology

*B.Tech in Computer Science and Engineering*

May 2027 (Expected)

*CGPA : 8.48/10*

### Delhi Skill and Entrepreneurship University

*Diploma in Computer Science*

Jun 2021 – Jun 2024

*CGPA : 8.74/10*

**Relevant Coursework:** *Data Structures & Algorithms, Operating Systems, DBMS, Computer Networks, Object-Oriented Programming*

## EXPERIENCE

### Viben

*Software Developer Intern*

Feb 2025 – Apr 2025

*Remote*

- Built a fashion recommendation mobile application end-to-end, choosing Node.js and Express.js to quickly set up backend services under tight timelines and developing the mobile client using React Native.
- Deployed backend services on AWS (EC2, S3) and integrated Python-based recommendation logic, coordinating data flow between backend APIs and the mobile application.

### Career-Width

*Front-End Developer Intern*

Mar 2023 – Jul 2023

*Remote*

- Developed 20+ custom portfolio websites for students applying to foreign universities, focusing on responsive layouts and usability.
- Improved the company's marketing website performance by optimizing assets and reducing page load time, increasing Lighthouse score from 75 to 90.

## PROJECTS

### SB-Ecom Platform | *Spring Boot, Maven, JPA, Spring Security*

**GitHub**

- Built a Spring Boot backend for an e-commerce system with REST APIs, keeping services stateless to allow future horizontal scaling.
- Implemented JWT-based authentication with role-based access control and used DTOs to decouple API contracts from persistence models.

### Vnums.online | *Next.js, TypeScript, Node.js, MongoDB*

**Live**

- Developed a web platform for virtual number-based verification, designing user and admin workflows to manage services and usage.
- Implemented backend authentication and basic rate limiting, and deployed the application on a Linux VPS using Docker.

## TECHNICAL SKILLS

**Languages:** Java, TypeScript, JavaScript (ES6+)

**Backend:** Spring Boot, Node.js, Express.js, JPA (Hibernate)

**Frontend:** React.js, Next.js, React Native

**Databases:** MySQL, MongoDB

**Tools:** Git, Maven, Docker (basic), AWS EC2, Linux

## ACHIEVEMENTS

- Solved 270+ DSA problems on LeetCode (Rating: 1511), with consistent practice across arrays, trees, and graph traversal problems.
- CodeChef 2 star rated competitive programmer
- Won 2nd Prize in a college-level Web Development Competition by building a full-stack application using React and Node.js among 80+ participants
